Denise Ziemba, Emergency Manager, gives the board a quarterly update. The PET region is hosting an ICS for elected officials. It is a 3-hour course that they are considering holding in Grand Island. The course will go over grant funding, making the steps more understandable – There are two new strands of COVID: P1 & Delta. These new strands are affecting the younger generation – Each year the Natural Resource Districts put together a Hazard Mitigation Plan. In the past Ziemba has been attending meetings on the mitigation plan. There has been a change in who is required to attend meetings. Now in order for the County & Cities to qualify to be part of the plan, it is being required that each city, village, county, needs to have a representative attend the meeting. For the Counties, it will be the flood plain admin, zoning admin or clerk. If a city, village or county is not represented, grants may not be approved. The reason for this is they want additional people understanding the plan so in the case of a disaster, the city, village, county can start the recovery process without the emergency manager, if the emergency manager is attending another part of their jurisdiction – Ziemba has additionally been turning in incident status reports for the storms that hit the three-county region.

The road fund does not have enough money in their fund to pay claims & payroll prior to the adoption of the 2021-2022 budget, so it is necessary to advance money into the road fund.

RESOLUTION #21-16

# Nance County Board Minutes

BE IT RESOLVED BY THE NANCE COUNTY BOARD OF SUPERVISORS to authorize the County Treasurer to transfer \$200,000.00 from the General Fund to the Road fund. Said transfer being an advancement of the proposed 2021-2022 budget. Moved by Nelson and seconded by Small to approve said resolution.

The sidewalk is all cracked and hazardous. With the board's approval, they will replace the sidewalk – Still finishing up on the road work on N600th St./Valley Rd – Finalizing on engineering costs for FEMA projects. Waiting for NEMA to come out and inspect – There is a meeting next Thursday on the W. County Road bridge west of Genoa. The project is moving forward – a proposed agreement was drawn up by Prairie Creek Township for repayment of the \$105,812.50 for work done on county roads destroyed by the flood. The township made a down payment of \$5,812.50 and agrees to make annual installments over the next 5 years. The township further agrees that they will not increase their monthly maintenance charge over those 5 years. Moved by Juracek and seconded by Small to approve said agreement.

SuAnn Engel, budget preparer comes to discuss the 2021-2022 budget. The board discusses paying off the first bond on or about September 29, 2021. An additional \$361,000.00 has been obligated on management flood costs and \$1,420,000.00 on road projects. A discussion was held regarding the availability of used pickups for the sheriff's department. The board will need to discuss this with the sheriff when they meet with him at the budget meetings with department heads. Engel gave a few other suggestions where money may be saved, but most offices have cut their budgets over the years and are very tight. She has gone over the dispatching agreement with Boone County & found some costs that Nance County has been paying that should have been paid by Boone County per the agreement. A meeting will be set up with the Boone County Sheriff and their representatives to go over the contract and discuss the contract for the new term as the contract expires this year. Also new contracts with the Nance County Sheriff's Department and Fullerton, Genoa and Belgrade need to be worked up for the next year. The board will meet with department heads regarding their budgets at the July 27<sup>th</sup> meeting. Engel would like to approve the resolution for the additional 1% increase in restricted funds at the August 10<sup>th</sup> meeting.

It will be demolished as soon as possible.
